

MHI Floating Power Plant (“MFPP”) Gas to Power Solution

The LNG Producer-Consumer
Conference 2017

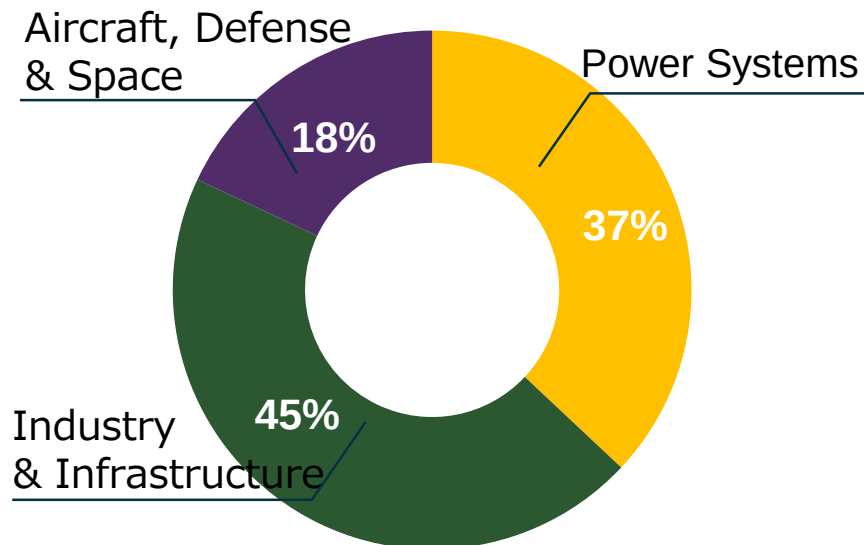

October 18, 2017

Mitsubishi Heavy Industries, LTD

Company Profile

- ✓ Net Sales : **35 Billion USD**
- ✓ Sales Outside Japan : **54%**
- ✓ Employees Worldwide : **83,000**
- ✓ Sales Ratio by Business Domain (FY2016)

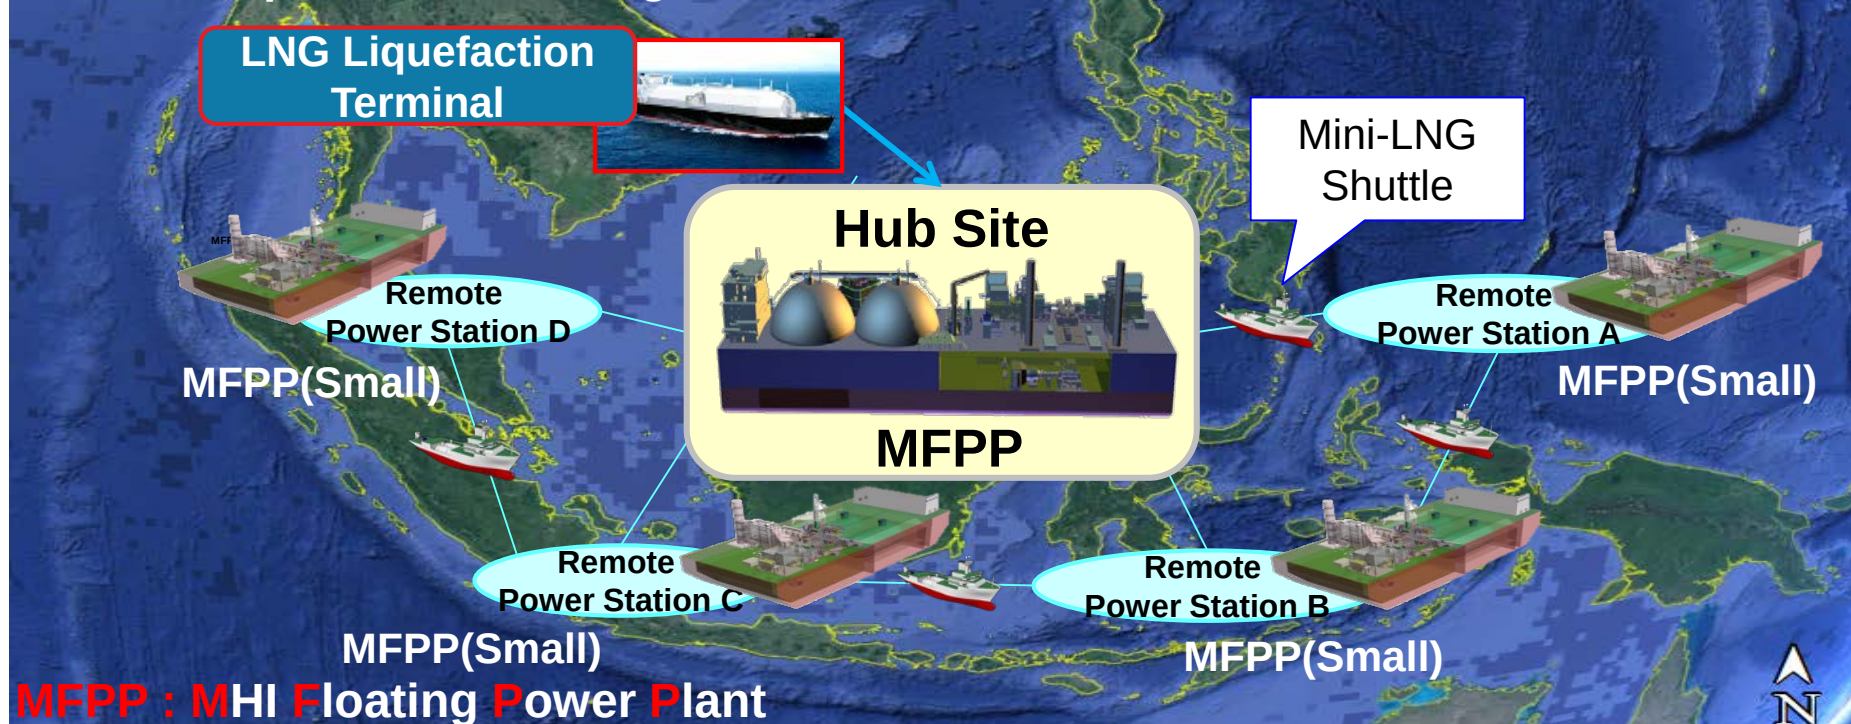

One Stop Solution : LNG Distribution & Power Generation

We can mitigate “Gas Supply Risk” and “Gas Consumption Risk”

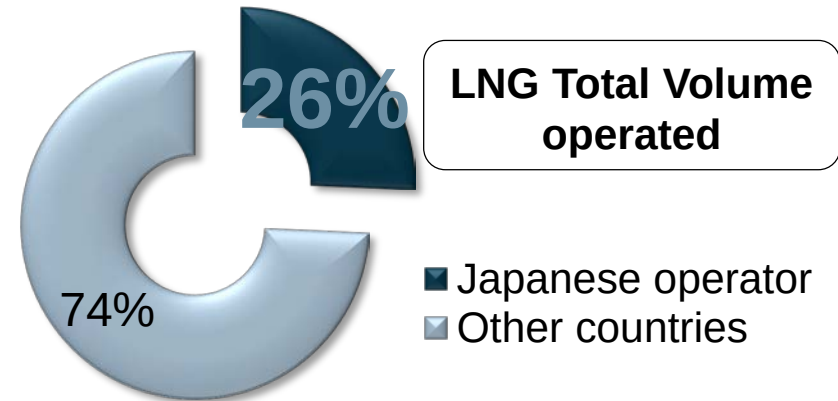

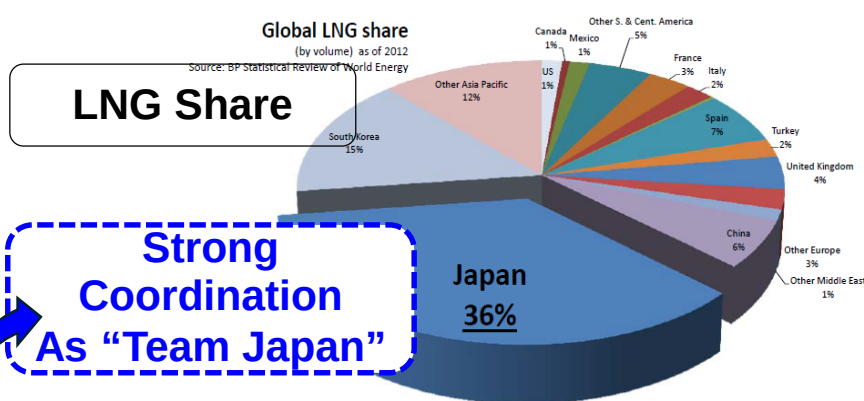

- **Minimum Land Expropriation** ⇒ Securing COD date
- **LNG utilization** ⇒ Economic & Environmental Benefits
- **One Stop Solution** ⇒ Optimization of Gas Volume & Supply Timing
- **Localization** ⇒ Development of LNG Operators & Ship Building Skills

Concept of MHI Floating Power Plant and small LNG distribution Networks

- ALL Japan Solution

Japan has World's No.1 Experience of LNG Handling

- MHI Contribution

Best Infrastructures for LNG & Power Value Chain

MFPP:

MHI Floating Power Plant

Global LNG carrier FSU/FSRU

+ 50+ (Moss & Membrane) +

Engineering / R&D

Gas Turbine / GTCC

+

EPC / Modularization

850+ GT Record

MOVE THE WORLD FORWARD
