

Bangladesh: New Market Entrant

Abul Mansur Md. Faizullah, ndc
Chairman

Bangladesh Oil, Gas & Mineral Corporation (Petrobangla)

6TH

LNG PRODUCER-CONSUMER CONFERENCE 2017

October 18, 2017

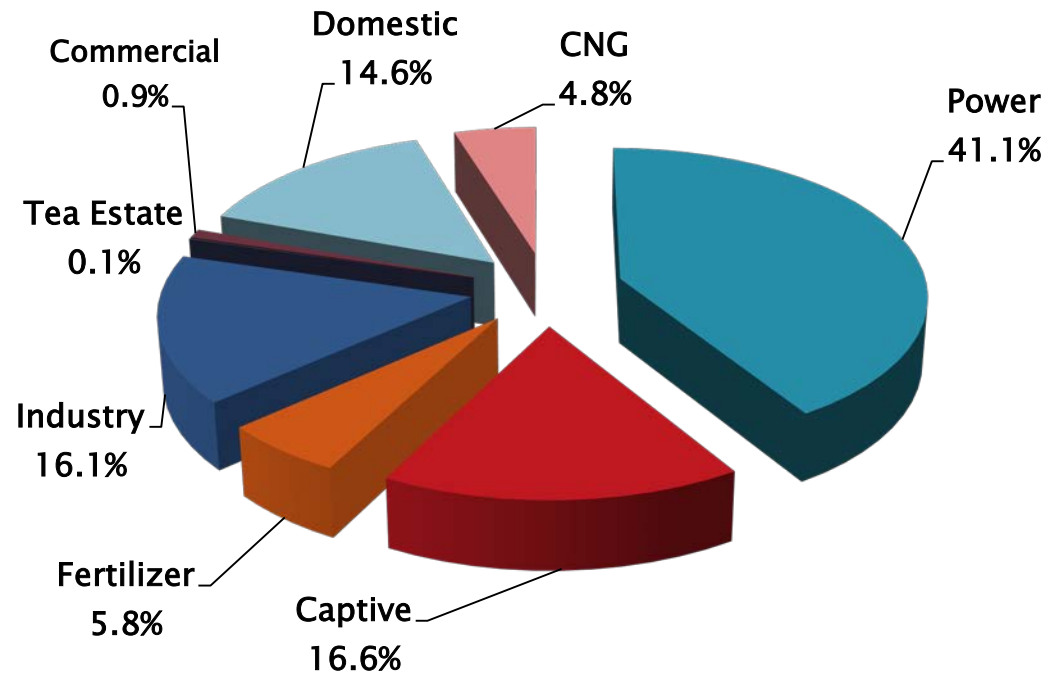

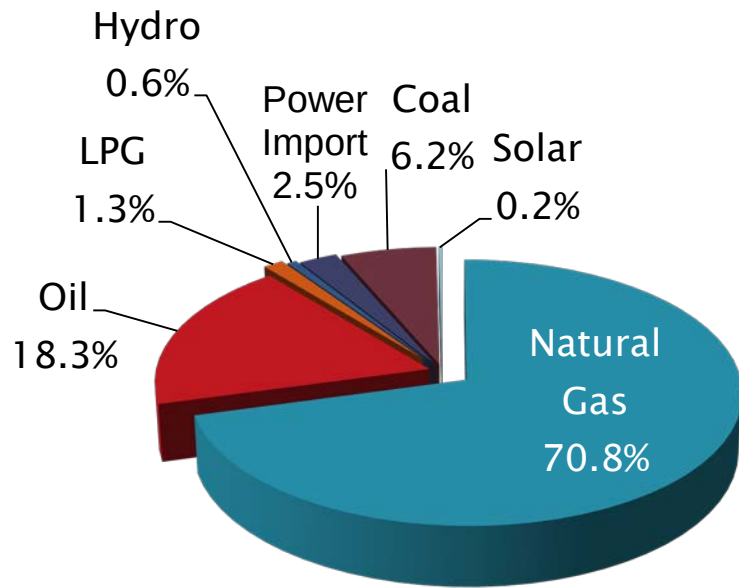

Grand Prince Hotel New Takanawa
Tokyo, Japan

Bangladesh LNG Terminal

Primary Commercial Energy & Gas Consumption Pattern FY 2015-16

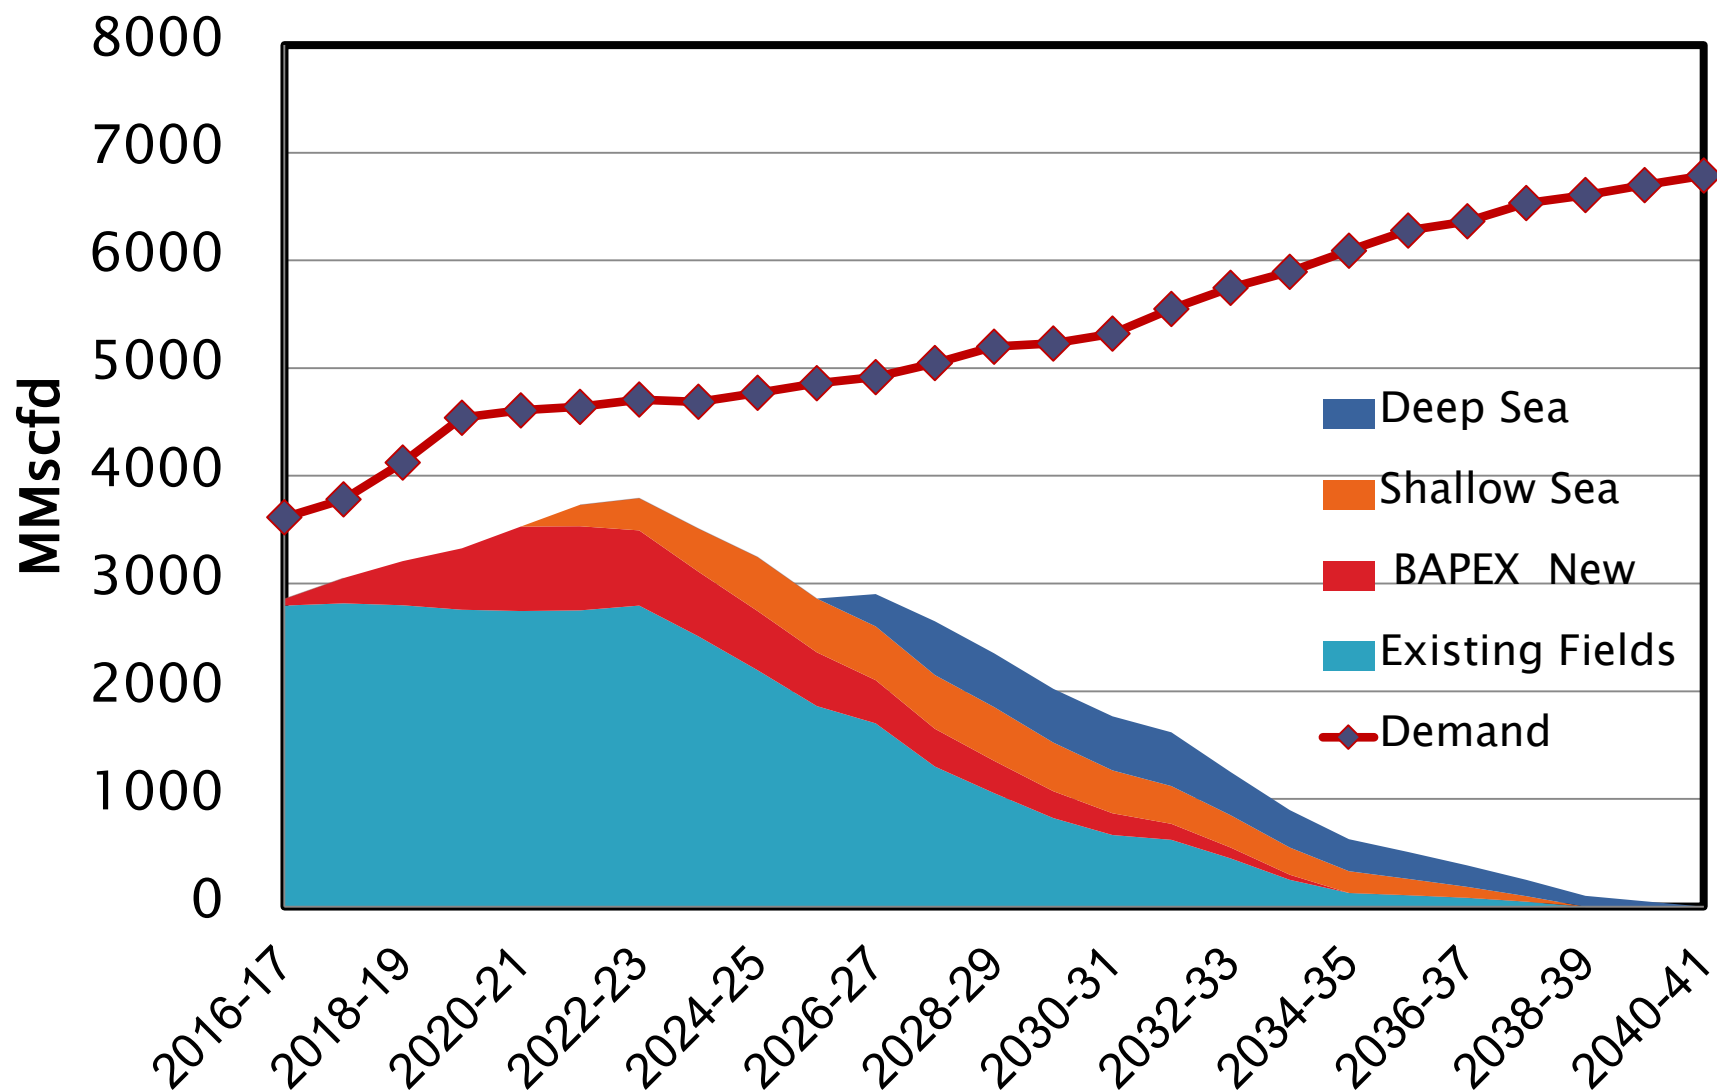

Gas Sector Snapshot

Total number of gas fields	: 26
Number of gas fields in production	: 20
Number of producing wells	: 109
Present gas production capacity	: 2,740 MMscfd
Recoverable (proven + probable) reserve	: 27.12 TCF
Total production of gas up to Dec 2016	: 14.38 TCF
Total reserve remaining as in Dec 2016	: 12.74 TCF
Total Customers (upto June 2016)	: 3.5 Million
Daily gas demand of Existing Customers	: 3,400 MMscfd

Demand vs. Production

LNG Import Activities

- ✓ 1st FSRU (Excelerate Energy): 3.75 Mtpa; Commissioning from April, 2018 through
- ✓ 2nd FSRU (Summit Group): 3.75 Mtpa; Commissioning expected by end 2018 through
- ✓ Feasibility Study is ongoing by TGES for setting up 2 land-based LNG Terminals: Each 7.5 Mtpa by 2025
- ✓ Short-listing of potential on-shore LNG terminal developers is underway.
- ✓ A long term SPA has been signed with RasGas on G2G basis
- ✓ EOI has been floated for short-listing of LNG suppliers on Spot/Short term basis.

THANK YOU

We are waiting for the first cargo in Bangladesh
