

7.a. EGEDA Chair Report

The 72nd Meeting of the APEC Energy Working Group (EWG72)
8-9 September 2026 – Beijing, China

Mr Robert TROMOP, EGEDA Chair/ APERC Senior Vice President

Outline

- ❑ Data collection and processing update
- ❑ EGEDA training courses and workshops
- ❑ International cooperation
- ❑ EGEDA meeting

Data collection and processing update

Regular APEC energy data collection

- The secretariat has published the **APEC Energy Statistics 2023** in June 2026.
- The EGEDA secretariat is now collecting the **2024 annual energy supply and demand data** from member economies and aims to be able to complete collection and processing by the end of September 2026.
- Other data collection
 - Annual energy prices
 - Annual GHG emissions
 - CO₂, CH₄ and N₂O emissions from energy combustion and fugitive emissions
 - CO₂ transported and stored
 - Energy efficiency indicators
 - Monthly oil and gas supply and demand (JODI)
 - Quarterly energy supply
 - Major economic indicators
 - Energy-related indicators

Smiley faces of JODI Oil in APEC (January-June 2026)

Economy	Sustainability	Timeliness (M-1 & M-2)	Completeness (%)	Sustainability	Timeliness	Completeness

EGEDA training courses and workshops

24th APEC workshop on energy statistics

- ❑ **Dates:** 30 September to 2 October 2026
- ❑ **Venue:** Washington Hotel Ariake, Tokyo, Japan
- ❑ **Theme:** Transportation statistics-energy efficiency indicators and new transport technologies
- ❑ **Objectives:**
 - The workshop will endeavour to enhance transport-sector data collection and analysis to support evidence-based policymaking, evaluate emerging vehicle technologies, and guide EGEDA's recommended reporting methodologies.
 - Member economies will share data collection/estimation practices of transport energy consumption and activity data (passenger-kilometres and tonne-kilometres for freight)

Energy statistics course (completed)

- ❑ **Dates:** 19-30 January 2026
- ❑ **Venue:** APERC Headquarters, Tokyo, Japan
- ❑ **Trainers:** APERC ESTO Researchers (EGEDA secretariat)
- ❑ **Objectives**
 - Build up the capacity of energy statisticians in APEC economies
 - Keep members up-to-date with new developments.
 - Enhance the human resource network between APEC economies and APERC
 - Raise the level of understanding of the APEC energy database by APEC economies
 - Introduce world trends in energy statistics to APEC economies
 - Improve the reliability of the APEC energy database

Energy statistics training course in 2026

International cooperation

Secretariat's participation in international meetings

1. 3rd Meeting of IEA's Committee on Energy Statistics (May 2026, hybrid)
2. JODI Inter-secretariat working group (ISWG) meeting (10 June 2026, online).
3. Task Team for the Revision of Standard International Energy Classification (TT-SIEC) under International Energy Statistics Working Group (InterEnerStat) (11 June 2026, online)
4. Asia Regional Workshop on Energy Statistics for Sustainable Development organized by the United Nations Statistics Division and National Bureau of Statistics of China (21-23 September 2026, Beihai, Guangxi Zhuang Autonomous Region, China)

Results of TT-SIEC discussions

- ❑ The task team discussed the next steps for the completion of SIEC Version 2.0, including drafting of the introductory text and explanatory notes.
- ❑ More meetings for the development of introduction, explanatory notes and correspondence tables until October 2026
- ❑ Broad consultation on introduction and explanatory notes in the 4th quarter of 2026
- ❑ Final draft introduction and explanatory notes will be submitted to the annual meeting of the Committee of Experts on International Statistical Classifications for approval in November 2026
- ❑ Pre-edited version of SIEC Version 2.0, including structure, introduction and explanatory notes will be submitted to the 58th session of the UN Statistical Commission

EGEDA meeting

The 37th meeting of APEC EGEDA

Event Info

- ❑ **Date:** 8 – 10 April 2026
- ❑ **Location:** InterContinental Guangzhou, Haizhu District, Guangzhou, China
- ❑ **Theme:** Tracking Energy Transition — Data Collection Helps Shape the Energy Future

Agenda Highlights

- ❑ **Apr 8:** EGEDA Meeting
- ❑ **Apr 9:** EGEDA Meeting

Workshops

- Restructuring of APEC Energy Supply Chains based on Intelligent Digital Technology
- Integrating Renewable Energy and Hydrogen Technologies for Low-Carbon Transitions
- ❑ **Apr 10:** EGEDA Meeting, Workshop and Technical Tours

The 37th meeting of APEC EGEDA

The 37th meeting of APEC EGEDA

Main Outcomes

- ❑ Delegates shared updates on data-collection challenges, new surveys, revisions to economy-wide energy balances, and emerging technologies such as hydrogen, EVs, and battery storage.
- ❑ The meeting concluded with commitments to improve data quality, expand training, update templates for new technologies, and enhance cross-forum cooperation to support APEC's energy transition.

The 38th meeting

- ❑ The EGEDA Secretariat is negotiating with Viet Nam to host the meeting
- ❑ Hopefully no later than the first quarter of 2027

Thank you.
